PRESIDENT'S MESSAGE

Congratulations to our club's Events team for keeping up a regular calendar of opportunities for members to get their vehicles out on the road, and to socialise with fellow members sharing the love of our classic machines and the history that goes with them. Even in the middle of winter, there is special enjoyment and fellowship to be had in historic motoring. We also continue to respond to invitations to join vehicle displays organised by others, whether for enthusiasts or the general public. It all takes work.

For your club's Committee, this time of year is when we are beginning to plan for our Annual General Meeting, due in September. Accounts must be finalised and audited, and the membership and vehicle rolls updated as the annual memberships are renewed, while some members move on and a steady rate of new members are joining up.

As standard practice, all elected Committee positions are declared vacant at the Annual General Meeting, and new appointments made for the coming year 1925-26. In this edition of The Colonial you will see the formal Notice of Annual General Meeting, giving the required period of notice. (Page 10).

The accompanying Nomination Form lists all the positions that will come up for election or nomination. A number of current Committee members have given years of service to the club, so be assured that if you have energy and/or skills to support the running of any aspect of this club, your nomination would be most welcome. Feel free to raise your interest with me or any member of the current Committee (listed in this Colonial) if you have questions about how you might participate.

We look forward to seeing you at club meetings and events.

EDITOR'S PAGE

Hi all, my apologies—my focus has been a little distracted recently as Michelle has been in hospital and is still recovering from surgery. I was unable to get to the last Club run but I heard it went well and everyone enjoyed the Challenge—so a big thank you to the organisers.

I don't know about you, but I'm really looking forward to the weather warming up again as this will bring on more car events/shows etc. I've added a few from interstate and from other car clubs, so I hope you are able to maybe go along and spread the love of all things classic auto. Support our interstate colleagues.

September will see the Classic cruise for kids with Cancer and we are having a visit from the Victorian Zephyr and Zodiac owners Club Inc who are coming along to participate in the cruise. I will also be acting as tour guide for them while they are here for about a week. So if you would like to catch up with them, please let me know and I will post an itinerary and make an opportunity for the Clubs to get together. If you have a Zephyr or Zodiac why not join us on the cruise and boost the number of Classic Fords.

Our Club run in August is to the Albion Hotel at Grabben Gullen—see Page 15 For details (for some strange reason I have a version of Scott McKenzie's 1967 song 'San Francisco' in my head albeit with San Francisco changed out for Grabben Gullen—not sure if the folks at Grabben Gullen would appreciate the flowers in the hair thing though) anyway Hippy Vibes to you all - Peace and Love - see you on the run). C'mon admit it now you are singing that song in your head as well....Lol!!!

Fun Fact: "San Francisco was written by John Phillips and sung by Scott McKenzie, produced and released in May 1967 for the Monterey International Pop Music Festival in June of 1967.

CACMC CLUB SANCTIONED EVENTS

Club sanctioned events:

You will notice some events listed on page 14 have a # in the title. This means they are a club sanctioned event where members participation is being sought. These go under club runs in your log book.

A member may advise the club (best the Registrar or Secretary) if they wish to participate in any other club event, be it local or interstate. The club official records that participation and the member may then record the participation under a club event, provided the route to/from (more appropriately for interstate events) is mostly direct.

The operator may choose to use a combination of club and private use entitlements, an outline of which should be advised to the club officials before departure. Obviously for a rally over long distances, club entitlement is appropriate.

If operators wish to combine an interstate club event with a period of private use, that is also permitted under the system principles. Integrity and common sense are required as any seeming abuse will impact the entire historic vehicle community.

MEMBERS PLEASE NOTE: YOU MUST HAVE A LOG BOOK OTHERWISE IT IS ILLEGAL TO TAKE YOUR VEHICLE ON THE ROAD.

OUT AND ABOUT (REPORTS FROM CLUB RUNS & EVENTS)

CA&CMC Run 13 July 2025

On Sunday July 13th, following brief mission instructions at the Kambah shopping centre carpark, 32 intrepid souls in 19 vehicles (15 historic, including 2 open tops) braved the bleak and frigid weather to undertake a club 'Mountain top Challenge' run.

Nearly all participants elected to get to the tops of all three mountains - Mount Stromlo, Black Mountain and Mount Ainslie, while a handful of others (including the checkpoint marshals - Ian and Marion Hooley at Mount Stromlo, Neil Buttriss at Mount Ainslie, and Brian Ely at Black Mountain) only made it to one or two of the peaks. Meanwhile, John Furlan did a sterling job of picking up supplies, hauling out the club barbecue trailer, and cooking up a storm for everyone upon their arrival at Black Mountain Peninsula.

After a quick lunch in the miserable conditions, and chasing one of the boxes when it started to blow away, challenge cards were drawn from three boxes containing the returned challenge cards from those who went to one, two, or three mountain tops, respectively. After a few re-draws, three cards with correct answers to the relevant challenge questions were accepted, scrutinised, and earned each of the corresponding drivers a surprise \$50 Bunnings gift voucher reward.

The answers to the challenge questions were that there are 6 concrete 'marbles' at Mount Stromlo, 12 rubbish or recycling bins at the top of Mount Ainslie, and that the clearance under the Black Mountain Tower access ramp is 4.2 m.

Evidently everybody's fingers were too cold (due to the nasty weather conditions) to push the buttons on their phones to take any photographs of participant's vehicles ! It is worth considering how many may have attended such an event if it had been run at a warmer time of the year.

Last month we had a ballot for a 1974 Ford brochure which is quite valuable. The ballot was won by Frank Strazzeri who looks mighty pleased with the outcome

August we have another valuable item. It is a 100+ page Holden Tune up Manual for models from the earliest to the 1958 model. Its an A5 size and would fit neatly in a glove box. It will be on display from the beginning of the meeting and you can add your name to the ballot which will be held later in the meeting.

As foreshadowed at June GM, the Committee has drafted up a short statement of responsibilities for the **owners** of vehicles seeking or holding CRS, to clarify that a member must keep the Club informed of any changes to registration status or transfer of a registered vehicle.

The Sad Tale of a Motor Fan by H. A. Field

Young Ethelred was only three
 Or somewhere thereabouts when he
 Began to show in diverse ways
 The early stages of the craze
 For learning the particulars
 Of motor bikes and motor cars.
 It started with a little book
 To enter numbers which he took,
 And 'though his mother often said
 "Now do be careful Ethelred.
 Oh dear, oh dear what should I do
 If anything ran over you?"
 Which Ethelred could hardly know
 And sometimes crossly told her so...
 It didn't check his zeal a bit
 But rather seemed to foster it.
 Indeed it would astonish you
 To hear of all the things he knew
 He'd guess the make and get it right
 Of every car that came in sight.
 He knew as well its MPG
 Its MPH and LSD,
 What gears it had, what brakes and what;
 In short he knew an awful lot.
 Now when a boy thinks day and night
 Of motor cars with all his might
 He gets affected in the head
 And so it was with Ethelred.
 He took long drinks from mug and cup
 To fill his radiator up.
 And went about upon all fours
 And usually, to get indoors

He pressed a button then reversed
 And went in slowly back most first.
 He called himself a Packford Eight
 And wore a little number plate
 Attached behind with bits of string
 He looked just like the real thing.
 He drove himself to school and tried
 To park himself (all day) outside.
 At which the head became irate
 And caned him on his number plate.
 And then one day an oily smell
 Hung around him and he wasn't well.
 "That's odd," he said, "I wonder what
 Has caused this rumbling pain I've got?
 No car should get an aching tum
 From taking in petroleum."
 At that he cranked himself but no...
 He couldn't get himself to go.
 He merely whirred a bit inside
 And gave a faint chug-chug, and died.
 Now since his petrol tank was full,
 They labelled him inflammable
 And wisely saw to it that he
 Was buried safely out at sea.
 So if at any time your fish
 Should taste a trifle oilyish
 You'll know that fish has lately fed
 On what remains of Ethelred.

July Guest Speaker—Roger Amos—50th Anniversary Vauxhall Club Event

Roger Amos showed a series of photos on the new screen and talked about his recent attendance at the 50th Anniversary of the Vauxhall Club of Australia.

The event was centred at Wangaratta from the 13th to the 16th of March.

There were 63 Vauxhall models ranging in years from 1922 23/60 Roadster to a 2011 Insignia.

Day One started with a drive to Glenrowan and a morning spent visiting the tourist attractions. The Ned Kelly Discovery Hub was a new attraction built in a round building with a viewing deck above an excellent audio-visual theatre on the ground floor.

Early Vauxhalls parked at Glenrowan.

The afternoon was spent driving north east to Milawa and Eldorado. Here we visited the Historic gold dredge.

Day Two began with a parade of Vauxhalls in age order down the Main Street to Apex Park for a display and official opening of the event.

Cars on display.

Saturday afternoon involved a drive to the north west of Wangaratta visiting silo art at St James, Devenish and Goorambat.

We continued north to visit a collection of petrol bowsers and vintage cars.

Day Three, Sunday was a re-enactment of the very first meeting of Vauxhall owners at the King Valley Camp at Cheshunt.. This was a 90 mile round trip and the 1937 Vauxhall had a good work out.

The event concluded with Dinner and Entertainment in Wangaratta.

An invitation to take part in the Distinguished Gentleman's Drive on Sunday, September 28th 2025. Together with thousands of classic car enthusiasts around the world supporting and raising funds and awareness for prostate cancer and men's mental health for the charity, Movember.

The aim is to dress dapper, in period with your vehicle is desirable, but otherwise well dressed, and this is also open to gentlewomen as well so don't let the name put you off.

Club member Geoff Hall will be taking part in this event and has developed this year's route for the Canberra event. To make it compatible with all makes and models it is centred around Lake Burley Griffin with the only significant hill being a lap of the arboretum.

Geoff has also tried to minimise traffic lights to keep the drive moving.

It is for cars 30 years and older but I'd love to see some of our older cars join us for the drive

Start and finish at Contentious character in Fyshwick. Lunch booked for 12.30.

Canberra Drive details and registration available at <https://www.gentlemansdrive.com/drives/australia/canberra>

For more information visit the website or contact Geoff Hall.
